### Get off your high horse! Issues and policies don't matter

I read your editorial on the issues in this year's mayor's race. In my opinion, there are really no big issues out there. If we just provide good police, fire protection, pick up the trash, and fix the roads, I'd be happy.

Let's not get too high and mighty about this. After all, it's only the local mayor and council. Let's stick to the basics.

### Will firefighters double-charge Westland property owners?

If the Westland Fire Department begins charging fire victims' insurance companies every time they hook up to a fire hydrant, what will they be charging \$500 for? Water? Or are they double-charging the victims for fire service and watering their lawns?

### Caller expresses her "Love For Aaliyah," the departed singer

**Aaliyah:**

A is for all the joy she brought to the world.

A is for all the time she spent making it happen.

L is for the love she gives everyone she meets.

I is for her incredible voice.

Y is for the wonderful years she lived.

A is for the great actress she was.

H is for heaven which is where she is.

**Aaliyah.** An incredible singer, wonderful actress, and an all around beautiful person.

## Judge rules in favor of deepwell Permit appeal is dismissed

EDS was a winner in court, again, this past week, when Wayne County Circuit Judge Amy Hathaway affirmed the Michigan Department of Environmental Quality's (MDEQ) issuance of a hazardous waste management construction permit.

EDS, which has all other state

and federal permits necessary for construction plans to begin bulldozing at the deep injection well facility at 28470 Citrin Drive in Romulus, within the next few weeks.

The MDEQ issued the permit on February 22, 2001, for the construction of the storage and treat-

ment facilities. The permit allows EDS to store and treat hazardous wastewaters for ultimate disposal in the deep injection wells.

The U.S. Environmental Protection Agency and the DEQ's Geological Survey Division already permitted the injection

wells separately.

In an opinion issued on August 24, Judge Hathaway dismissed the appeal brought by The City of Romulus, City of Taylor and Wayne County, that disputed the February 22 issuance on several points.

One of those points, which al-

so was part of the basis for a 5-3 vote by the Site Review Board, to reject permit approval, was the Tellus Report, a study that identified the under capacity of like facilities in the area.

In her opinion, Judge Hathaway noted that the EDS well is "unique to Michigan and is advanced in its processing and disposing of liquid waste." Need, or lack of, she opined, is not a statutory requirement to approve the permit.

The judge further explained that the Site Review Board cannot make decisions, only recommendations. She indicated that each of the issues raised by the SRB "were discussed and reasoned by the MDEQ."

In conclusion Judge Hathaway said, "This Court is satisfied that the MDEQ's decision to issue the Part 111 permit was lawful, was supported by competent, material and substantial evidence, and was not arbitrary or capricious."

DEQ Director Russell Harding was elated with Judge Hathaway's decision. "I am pleased that the Court has affirmed Michigan's approach to siting new hazardous waste management facilities," said Harding.

EDS officials were also pleased. Carol Bowie, EDS Communications Director noted, "The permitting process took more than four years, during which time our project was scrutinized by both the MDEQ and the public."

"The public-participation process worked, she added, not only for EDS but also for every individual and business in the community. EDS now looks forward to serving in Romulus as a good corporate citizen."

The Romulus School District guest teachers include, (1st row, left to right) Casey Rue, Joanne Gibson, Devan Stephens, Anita Price, LaDon Pree, Flo Bond, Gay Warren and Kelly Seaton. 2nd row- Denise Flores, John Haire, Tanya Holmes, Kelly Jackson, Kara Wasser, Christine Fortune, Camille McClure, Joann Moss, Cynthia Carbone and Wayne Avery. 3rd row- Tito Wallee, Terri Moffat, George Hunter, Carrie Keeler, Cynthia Mitchell, Elizabeth Vaughn, Kevin McAllister, Roger Williams, Alison Bennett, Hadi Berry, Andrea Maxey and Vanessa Southall.

## District welcomes guest teachers

Human Resources Director Ed Clark recently held a welcoming orientation session for Romulus guest (substitute) teachers. Clark explained the

importance that these teachers will play in the overall educational process.

Both Clark and board office receptionist Ellen Bragg said

they were impressed by this year's group of guest teachers and look forward to developing good working relationships with all of them.

## 5th grade science MEAPS double

Romulus Curriculum Director Tom Dolan has reported that the district's 5th grade science MEAP scores have jumped 20-points from last year. Scores that averaged 26% in 2000 are now 46% in 2001.

The state average for 2001 has not yet been computed but in 2000, it was 42% for the 5th grade level.

Part of the reason for the jump, according to Pat Adams, the Romulus District Elementary Science Coordinator, is that the district has been working on a major overhaul of its elementary science program.

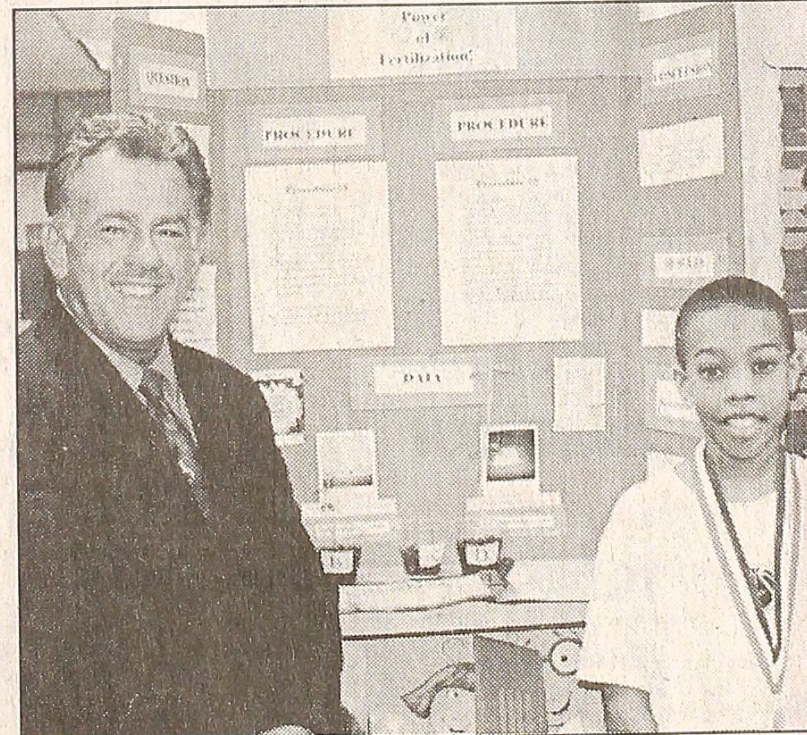

"We have purchased a significant number of science experiment kits for our students," said Adams. "This and preparation for our annual science fairs has enabled students to get more comfortable with scientific experiments and the MEAP questions dealing with the scientific process."

Dolan indicated that the State of Michigan Education Department is releasing only portions of the 2001 results thus far because of the various testing inconsistencies reported across the state last

spring.

"We probably won't know all our MEAP scores and how we

compared to the state averages until the latter part of September," said Dolan.

Romulus Board of Education President Allan Lambert congratulates Shon Aggison and his prize winning science project at Wick Elementary.

## Van Born facility seeks to expand hazmat intake

### Rep. Basham voices strong opposition

On the heels of EDS's deepwell approval, the Michigan Department of Environmental Quality is now reviewing an application to expand operations at the former Michigan Recovery Systems on Van Born Road in Romulus.

The application is for the renewal of a hazardous waste management facility. Now owned by EQ Resource Recovery (EQRR), the facility hopes to also receive approval for the acceptance of additional hazardous waste categories they are currently barred from taking.

The application has one formidable opponent upset. Rep. Ray Basham (D-Taylor), a vocal opponent of the EDS deepwell, is questioning the need for the EQRR facility.

"Where (Romulus) you are considering the expansion of the EQ facility," notes Rep. Basham, "there are already several other existing hazardous waste facilities, the proposed EDS injection well facility, area landfills and transfer stations, the airport, the freeways, etc. While I recognize

that businesses have the right to operate, our citizens have rights as well...."

Rep. Basham was particularly peeved about the \$1.1 million low interest loan EQRR has received from the state's Strategic Fund board.

"First the state gives the hazardous waste facility taxpayer money to expand their operations and then they give them their permits—all without any consideration or concern regarding the impact on the community or whether there is even a need," lamented Rep. Basham.

The EQRR facility received their operating license in 1993. It expired in 1998, but EQRR can continue to operate while the existing license is being debated.

EQRR operates a hazardous waste container and tank storage and tank treatment facilities at 36345 Van Born Road, near Wayne Road. Storage of organic and inorganic hazardous wastes occurs in containers and tanks prior to treatment on-site or shipment to off-site facilities.

The MDEQ is in the process of reviewing the company's application. Prior to a final determination, a 45-day public comment period will commence, which includes a public hearing.

# Town Hall meeting Weed & seed seeks input

By TOM MOORADIAN  
MCN Staff Writer

Stressing that they are seeking community input on some of the important issues in the city, Weed & Seed officials announced this week that they will hold a Town Hall meeting at 6 p.m. on Sept. 13, at the Booker T. Dozier Parks and Recreation Complex.

The community complex is located on Middlebelt Road, about a quarter-mile north of Michigan

**"We need  
community input**

Avenue.

Jeannie Fields, program coordinator, said that the future of the organization in Inkster is at stake.

"We need community input to develop a plan to address the four elements within the Weed & Seed strategy," said Fields, who listed the strategies as weeding out

crime, community policing, prevention, intervention, treatment and restoration.

Fields added that once the plan is completed it will be presented to the Department of Justice to request Weed & Seed Official Recognition Re-certification "so that we may be eligible for an additional five years of funding."

The target area will consist of the entire city.

Fields pointed out that there will be presentations on the Past, Present and Future of the Inkster Weed & Seed program. There also will be presentations made by representatives of the Inkster Police Department, Water Board and City Community Development.

"This is a very important meeting and the future of Inkster Weed & Seed is at stake, therefore, we are looking for community partners to come forward and work with us for a better Inkster," Fields concluded.

Pictured above are some of the 75 classic cars that were on display recently during Inkster's inaugural Classic Cruisers and Car Show.

## Inkster puts classic cars on display for auto fans

How popular are Cruisers and classic cars with the residents of Inkster?

Incredibly popular, says George Thompson, Jr., a retired Inkster educator who was the architect of the inaugural Inkster Car Classic Auto Show staged recently in the city.

The show attracted more than 75 vehicles, including trucks, old classic to hydraulics.

"We had over 1,000 residents look over these vehicles and they were really enthusiastic about the display," said Thompson after the

show. "I guess we're going to have to make this an annual tradition."

The 75 vehicles, presented by the Inkster Parks and Recreation Department in cooperation with the Inkster Cruisers Car Club, were featured at the Booker Dozier Complex.

"We decided after the turnout that we will host a second show," Thompson added.

The second Car Classic will be staged July 14, 2002.

They're driving the winning classic cars displayed during the Inkster show, and have been awarded trophies to prove it.

## ROMULUS COMMUNITY HIGH — A GOOD ALTERNATIVE — School of Choice

**Community High.** Community High is a program for students 16-19 years of age who are seeking an alternative to the traditional high school setting. Most classes are held at the Mt. Pleasant Center in Romulus from 10:00 a.m. - 4:40 p.m., Monday through Friday.

## NEWS FROM THE CITY OF WAYNE

Among the popular programs at the 2001 Wheelfest were the unique demonstrations provided by the Wayne K-9 unit (at left), joined by their counterparts from the cities of Westland, Garden City and Van Buren Township. Above, the crowning of the Wheelfest-2001 junior prince and princess.

## Wheelfest attracts crowds of thousands to Wayne

What a weekend!  
Wow - what a crowd.  
Wheelfest 2001 attracted thousands to the City of Wayne and to Goudy Park.

The festivities, ignited on Thursday under a clear sky and a warm summer breeze, was launched with the presentation of the Diamond of the Community winner.

Officials announced that the 2001 recipient of the prestigious award is Elsie Fulford. She was followed by the acknowledgement of this year's Wheelfest Logo winner.

The winner of the award was the gregarious Angela Turner.

The King and Queen Contest was also held Thursday. The Wheelfest 2001 King was Nick Smith and crowned the Wheelfest 2001 Queen was Erin Scott. Each were awarded a \$500 college scholarship.

The evening wrapped up with the Be A Star Talent Showcase. Nine different acts entertained the crowds with singing, dancing, playing good old rock 'n roll music.

The Wheelfest Parade kicked off Friday's events.

Some of the participants included the Cheer Angels who won Best Overall Group. Other parade winners included the Wayne Memorial High School Band for Best Musical Group; Best Local Group was Wayne's Figure Skaters; Best Youth Group was Kicks Tae Kwon Do and Best Wheel Theme went to the First Baptist Church.

Friday's entertainment included two country acts: a Tribute to Patsy Cline and up and coming country sensation Mustang Sally.

Saturday also was a day full of fun and entertainment.

The Wayne Memorial High School band boosters sponsored a dunk tank. Among some of their "dunkers" were Mayor Robert Dickerson and Wayne Memorial High School Principal Don Chastain.

The Wayne Rotary sold raffle tickets for a new Harley Davidson motorcycle and the Golden Hour was back selling homemade bread.

New additions to this year's program included the BMX stunt bike show, sponsored by Wild Bill's Bike Shop. The virtual NASCAR simulator also was very popular with the crowds, as was the K-9 dog demonstration.

Wayne Patrolman Frank Cavazos and Valor were joined in their demonstration by Van Buren Township, Garden City and Westland K-9 units and their trainers.

The crowds were impressed with how well the dogs were trained.

The Music Lady, Beverly Meyer, is a familiar face to most local music fans. This was her first performance at Wheelfest but not in Wayne. Dozens of children recognized her catchy tunes.

Starship featuring Mickey Thomas headlined the Saturday night show. They wowed the crowds with hits such as "Sara" and "We Built This City".

Sunday was the day for Lip Sync.

## We suggest LeBlanc, Price for Westland mayor

A tight three-way race for mayor in Westland highlights the primary election agenda this September 11.

Council president Sandra Cicirelli, Police Chief Emery Price and Council Pro Tem Richard LeBlanc are locked in a tight race for Westland mayor. The top two vote getters will face-off in November.

This newspaper asks voters to send LeBlanc and Price on to the November general election.

Both choices have steered clear from dirty politics and offer clear-cut positions on the issues. For instance LeBlanc favors an elected clerk, Price does not. Price insists on maintaining the operation of the incinerator, although he would hope to negotiate a more favorable contract. LeBlanc thinks Westland should break the contract and litigate the consequences in court.

LeBlanc wants to do away with the policy that allows certain employees to drive city cars home. Price favors the policy, claiming it saves the city thousands of dollars.

The two candidates couldn't be more different in their views on the major issues. Voters will be able to choose their next mayor based on the issues, and not who spends the most money or has the prettiest face. Cicirelli, who has proved to be a very capable councilperson over the years, has not offered clear-cut opinions on the issues, and it is because of this, that we urge voters to vote for LeBlanc or Price.

Eight out of ten candidates will survive the Westland City Council primary. Each voter will have the opportunity to choose four, with the top eight going on to the November general election.

The candidates are Normie Brazier, incumbent Joe Eadah, recall activist Mario Gracin, Cheryl Graunstadt, Michael Kehrer, former councilperson and mayor Charles Pickering, Michael Rintz, Dorothy Smith, Jack Underwood and William Wild.

We strongly suggest voters send Gracin and Graunstadt on to November. Mario Gracin spent 80-hour weeks on the recall issue, putting all his time, energy and money into that campaign. No one, I mean no one, is more concerned about the well being of Westland government than Gracin and his wife.

Graunstadt, although a newcomer, has been extremely impressive. Her major issue is the incin-

erator and like us, she favors

pulling out of the consortium of cities that now operate the albatross. But she has also been forthright and thoughtful on all issues, and we see her being a good addition to the city council.

Other candidates deserving of your support are Brazier, Eadah, Kehrer, Pickering, Smith and Wild.

Voters in Westland will also vote for two two-year seats on the council. But because two candidates withdrew, the three remaining contestants will automatically go on to the general election. They are Bill Fern, Dennis LeMaitre and Bob Stottemyer.

City of Wayne voters also have a primary contest. Eight candidates will be narrowed to six, and then will compete for three available council seats in the November election.

The field of city council hopefuls include incumbents Mayor Pro Tem Pam Dobrowolski and Donna McEachern; former State Representative, Tom Kelly, former Wayne Mayor, Kenneth Warfield, former city councilman, Albert Damitio, Roger Komoros, Donald Hartford and Mark Diehl.

The Wayne Eagle asks voters to send Dobrowolski, McEachern, Kelly, Warfield, Damitio and Hartford on to the November election.

Dobrowolski deserves to move on because she has been a positive force on council. Advocates for the business community, Chamber Executive Director McEachern and local businessman Hartford deserve our support.

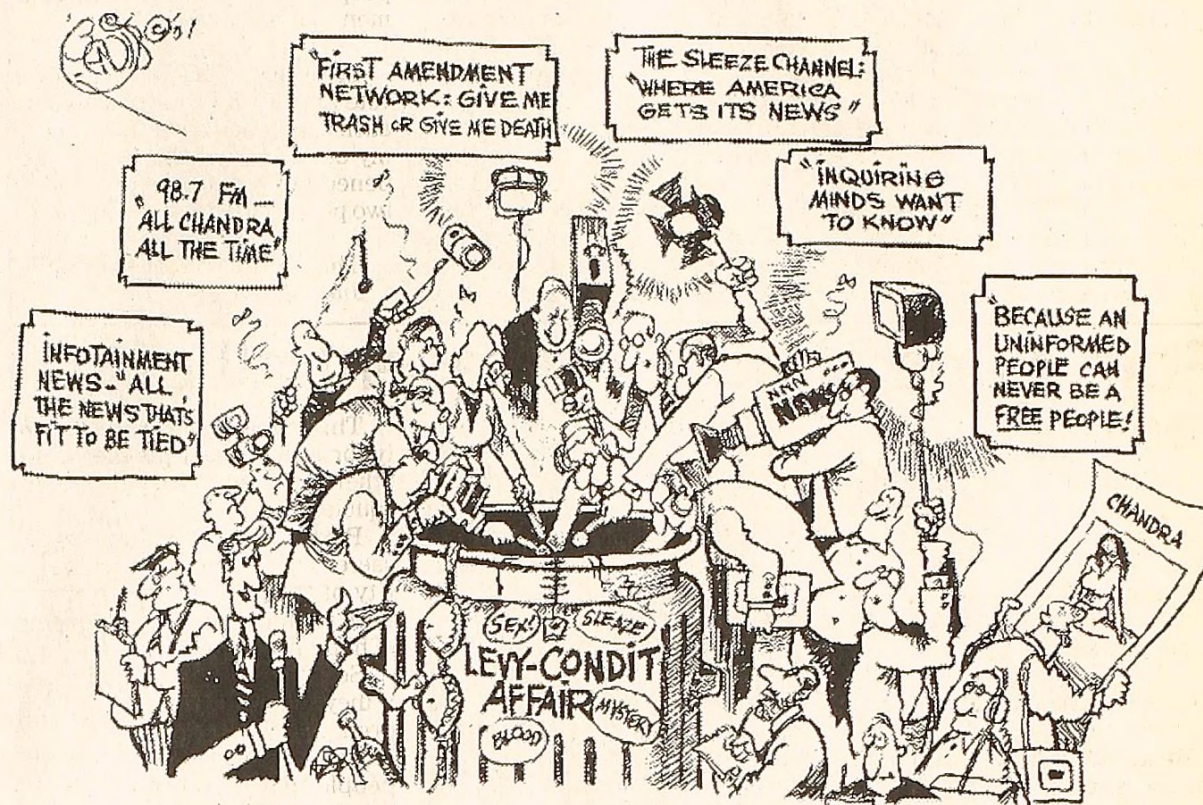

Kelly, Warfield and Damitio have more years of political experience between them than the entire current council. Kelly can bring a unique perspective having served in Lansing for many years. Former councilmen Warfield and Damitio, both longtime residents of Wayne, want to continue to give to their hometown.

Wayne is fortunate to have such a highly qualified group of individuals seeking election to the Council. For the most part, voters can't go wrong in making their choices.

## School zips double-talking lips

It's 6:45 p.m. Do you know where your middle school student's principal is?

If you're the parent of a Pioneer Middle School student, at 6:45 p.m. Aug. 15, your child's principal was in police custody.

As almost everybody by now knows, the principal allegedly exposed himself to an undercover vice squad cop behind the bushes in Hines Park.

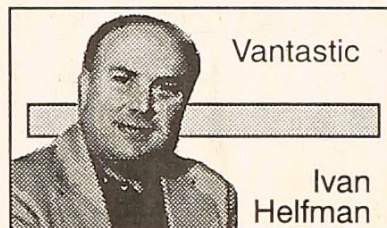

I would not have brought it up again so soon after the first story if I hadn't been fearing something like this ever since January 2000, when a Plymouth-Canton Educational Park security guard was let go after student gossips brought the 31-year-old guard's improper relationship with a 15-year-old student to the attention of Canton police.

Not only did that scandal shock the community, but it raised questions about Plymouth-Canton Community Schools' hiring policies, judgment, and integrity because the security guard had a police record. He had been convicted of assaulting a woman in 1994, yet the district hired him in 1996.

During his stint at P-CEP, the misbehavior continued. He was put on probation for prowling, yet he was kept on the security detail.

How could the district have hired a young man with a conviction for assault and battery to protect teenage students? I asked Superintendent Kathryn Booher at the time.

"We are thorough in our hiring process. This individual underwent psychological testing, and a comprehensive background check," Booher said in a press release. "We are taking a look at what we can do to more critically

Vantastic

Ivan Helfman

examine our hiring process and potential employees while always keeping in mind the safety of the students with whom they will be working."

She said that security guard's hiring followed the district's policies and conformed to state law.

In a second press release, Booher further explained: "We knew about the 1994 misdemeanor. We discussed the issue with the employee and we investigated it and learned it was a scuffle between two men. His record showed no previous convictions. We were not notified of the 1999 [prowling] issue."

Since the current policy allows for the hiring of people convicted of violent crimes, like assault, and deviant crimes, like prowling, I asked Booher, "How many other people with police records has the district hired?"

She said that she didn't know. When pressed, she said that she would provide me with an answer in two weeks.

The two weeks passed and no answer. Booher's lips were zipped.

I called a few times, received no answer, then decided to wait. I feared that I would get an answer. On Aug. 15, the answer was revealed in the bushes of Hines Park where, unlike Booher, allegedly the principal unzipped.

When the story broke, the dis-

trict issued a statement.

"We are aware of the allegations concerning Pioneer Middle School Principal Tom Owens and understand that a warrant has been issued against him. Mr. Owens is a longtime, dedicated District employee," the statement said. "Without drawing any conclusions as to his guilt or innocence on the charges, the District has temporarily suspended him from his job responsibilities pending the outcome of the proceedings."

Booher said, "I am confident that, during the interim, the educational services and the teaching and learning environment at Pioneer will proceed in the same fine manner as has occurred in the past."

I'm not. Neither were many middle school parents, if inquires at area charter schools in the aftermath of the news were any indication.

The lack of confidence stems from the district's daily double: its double standard for its unionized staff and its double talk.

The double standard holds students to a zero-tolerance policy and tenured staff to a virtual for-better-or-worse policy.

The double talk about the "learning environment at Pioneer" evades the relevant questions about the district's hiring policies and supervision of its staff.

Last week, I asked Nancy Mouradian, the county sheriff's spokeswoman, about the status of the ongoing police investigation, she told me to ask the district.

I did, but, once again, the district's lips remained zipped.

## Romulus catches Westland bug

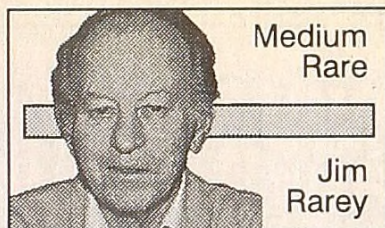

The Romulus City Council appears to be poised to plunge headlong into one of the two issues that resulted in the resignations of two Westland council members and the recall of two others.

The issue is public participation at council meetings.

The Romulus Council has had a long standing policy of at least twenty years that allows citizens to comment on each item on the agenda before a vote is taken (for which this writer has commended the council in this column). But an attempt is being made to change that policy.

The current policy requires those citizens wishing to comment on an agenda item to submit a slip notifying the City Clerk of that desire. At a recent council meeting, this writer submitted slips to comment on three out of the approximately fifteen agenda items.

During discussion of an ordinance amendment to provide penalties for ignoring watering instructions during a citywide water emergency, Councilman William Crova interrupted accusing this writer of harassing the council by speaking on more than one agenda item. The point had just been made that the ordinance should call for the mayor to declare the emergency rather than an appointed department head as pro-

Medium Rare

Jim Rarey

vided in the amendment under consideration.

Crova requested the acting chairperson to declare this writer out of order. When that request was refused on the grounds that current council rules did not prohibit a citizen from commenting on more than one agenda item, Crova challenged the ruling of the chair claiming Robert's Rules of Order (which he obviously had not read on the subject) overrides council rules.

Crova lost on a 4-2 vote and the meeting proceeded under current rules. At the end of the meeting a request was made and approved to refer the question on Robert's Rules of Order to the City attorney.

At last week's meeting, the City Attorney's opinion was read with no mention of Robert's Rules affirming that the State Open Meetings Act is controlling but the council has the authority to change its rules as long as "reasonable" opportunity is provided

for citizen input.

Councilman Leroy Burcroff (who had voted with Crova at the earlier meeting) then requested a "study session" be scheduled to discuss changing the rule. He asked for a date of November 26th.

In this writer's opinion, scheduling discussion on that date is a clearly transparent attempt to bury the issue until after the Nov. 6th election. Also, that date just happens to be the meeting that has the least public attention (falling immediately after the Thanksgiving break) second only to the meeting between Christmas and New Year's. Would a vote then be scheduled between Christmas and New Year's?

All candidates for city offices, challengers as well as incumbents, should make their positions on this issue known before the election.

If council members don't want to hear comments before they vote, the electorate should know that before they vote.

Some council members may believe, by taking action after the fall election, they will have four years for the public to forget. They should learn from the Westland example. State law only protects them from recall for six months after the election.

## Keep successful Gifted and Talented programs

To the editor:

In a recent report on recommended facilities changes, Plymouth-Canton Superintendent Kathleen Booher made several recommendations. Some of these are clearly moves forward, others are difficult to justify, and I believe that at least one is an extremely bad idea for the students of our district.

The worst idea presented is her proposal to move away from the Magnet School model for Talented and Gifted education. In this model, the most academically talented students in the district are identified and offered the option of attending a school where a program is designed for their unique needs. Dr. Booher provides several criticisms of this approach, but they all seem to boil

down to the fact that it is not in line with current educational theory.

I suggest that we should be very hesitant to scrap a program which works extremely well just because it doesn't match up with someone's theory. I speak from experience. I was in a program like the one Dr. Booher proposes, where academically gifted children are incorporated into mainstream classrooms and offered enhancement programs. For me, it had the following results:

I was identified by my classmates as an intellectual freak. Social pressures discouraged me from excelling. I was given a negative view of group projects, since I did most of the work. There was limited opportunity for discussions of matters that interested

me. I learned to hide my academic talents.

My daughter, on the other hand, was in the Plymouth-Canton magnet program, with dramatically different results:

She was "just another kid" in her classes. Academic excellence was expected by her peers. Everyone learned from everyone else in group projects. She formed friendships with people having similar interests. She has confidence in the things that make her a unique individual.

A recent poll indicated that many of the children in our nation's schools are discouraged from academic excellence because of peer pressure. If this is true of mainline students, how much more so does it apply to those with exceptional academic

talents?

All of our kids are important. Each comes with special talents and need. It should be the goal of our schools to meet their educational needs and develop those talents. In the current Talented and Gifted program, we have a system that does just that for one segment of our students. The only complaint I've heard about this program is that it is insufficiently funded, leading to a large waiting list for entry. Education theories come and go - but the argument "It Works!" will be valid until the end of time. I encourage Dr. Booher and the Board of Education to retain and extend the TAG program, which is serving our community so well.

LETTERS FROM OUR READERS

Straighten up and fly right

To the editor:

This should be the last paper issued with letters before the primary. For this reason, I would like to remind all the voters in the city of Westland to do your homework before you vote. Check things out before you vote. Just because someone said something doesn't make it so.

I know there are rumors as to why the once united recall group isn't so united right now. Things aren't always as they look. I know that some think that because a few have had words that I personally have taken sides because of things I've been told. Nothing could be further from the truth.

The reason I'm having problems with some self-called leaders

is not because of what some one has said but from what I've observed.

I thought that I had graduated from Wayne High way back when but suddenly I feel like I'm back in junior high, which is now called middle school.

I'm tired of the if I can't have my way I'll scream, holler and stomp my feet, why not hold your breath til your blue attitude. I'm tired of so called leaders saying they're one party," I'll always be one party nothing and no one will ever change my mind"

Then suddenly they change their mind when they think they can accomplish two things, endorsement for their spouse and revenge on someone they feel

they need to avenge. A figment of their imagination, in my opinion. Come on leaders, grow up and fly right

If I sound like another letter writer, I'm sorry, but months of working on something I truly believed in and felt that there was no one leader but a solid group of people who worked for one common goal has taken its toll.

So in closing, all I want to say is vote Sept 11, do your research on each candidate, and remember, in my opinion, that the recall happened not because of any one or two people but in spite of.

Thank you and vote vote vote, Judy McKinney

Politicians should represent all of us

To the editor:

Hi everyone.

I just want to say that I hope that just, for once, I do not see politicians running for office only on the very tired, very outdated, and very prejudicial political platform of only "seniors, children, and families."

Though those three groups need to be remembered, they certainly do not represent the whole of Westland. Where is the main part of society — the middle group? You know, the people between birth and death.

Where is the representation for the many people without families, whether by choice or not? Where is the representation for the handicapped? Where are the handicapped access points at city hall or other government buildings?

The federal laws are being broken.

Where are President Kennedy's physical fitness programs that no one seems to care about, anymore, as our youth sickens and dies as politicians laugh? And what about the other side of the coin, the so very hungry, the so very poor, the so very needy?

Representation for all of the groups of people encountering job and housing discrimination, whether due to race, religion, or sexual orientation?

When will politicians in the state of Michigan represent the people, "we the people," instead of some people? Remember people like Abraham Lincoln and remember all of the people on election day. That is, if you can find anyone like Abe, anymore.

This country does not exist only for a few select people, while others cry themselves to sleep in squalor and misery.

Please remember that it is the sacred right of all, under the sanctity of the U.S. Constitution, to have, 'life, liberty, and the pursuit of happiness."

So, start asking your politicians if they only stand for seniors, children, and families, or if they also include the many other groups of people that have been excluded from representation — the people that never vote, as they never have a reason.

And, please remember, whenever you go to the polls, to always check your consciences as you also check, equality for all Americans.

Angela Frances Todd

Vote for the peace-maker

To the Editor:

After the last couple of years of turmoil in this city, we should all be able to take comfort in the fact that a new mayor could potentially end the animosity between citizens and city government. For nearly two years I have observed the council meetings and read the newspapers and quietly pondered our fate. While many choose to take a back seat to political goings on, the political climate in the city dictates the way we are perceived by surrounding communities and the way we view the community in which we live. This election is very important to all of us.

While I sincerely like each of candidates running for the mayor, there is clearly only one feasible choice. In my opinion Sandra Ciciirelli does not possess the backbone needed to guide the

city out of the bad reputation it has developed in the past year and a half. Sandra is a great City Council President because she tends to take the middle of the road on heated issues. While this helps to keep peace, it does not solve any problems. Emery Price is a great Police Chief but lacks the experience of a seasoned politician. Richard LeBlanc is clearly the best choice. He states in no uncertain terms his opinion and includes how and why he arrived at his decision. Mr. LeBlanc is articulate, seems to be a very good listener, is intelligent, ethical, and it appears to me that he is capable of providing the strong leadership necessary for a positive future. He's got my vote, and if you see what I see he should have yours too.

A Concerned Voter,

Dems 'da ones

To the editor:

The Westland Democratic Club would like to announce our endorsements for the primary election in the City of Westland.

After a vote of our membership, the following candidates have been endorsed: mayor—Richard LeBlanc; four-year city council seats — Michael Kehrer, Cheryl Graunstadt, and Normie Brazier; and two-year unexpired city council seats — William Fern.

We would also like to announce that any of the citywide candidates that would like to be considered for an endorsement in the general election on Nov. 6 should submit their written request to our secretary at 1660 Lillian, Westland, MI 48186.

All requested must be received no later than Monday, Sept. 17.

As always, we would like to urge all citizens to get out and vote both in the Sept. 11 primary and in the Nov. 6 general elections.

CITY OF WESTLAND  
POLICE OFFICERS ASSOCIATION

WESTLAND, MICHIGAN 48185

September 2, 2001

Citizens of Westland,

Recently we have noticed several letters printed in the paper, which falsely state that the Westland Police Officers do not support Emery Price for Mayor. This letter is to inform the citizens of Westland that with the exception of one officer, the entire Westland Police Department, which includes lieutenants, sergeants, officers and dispatchers, all support Emery Price for Mayor. Any letters or communications stating otherwise are completely false. Officers listed on other candidate's literature do not work for the City of Westland.

A Westland newspaper has given their endorsement for mayor based on leadership ability. Emery Price is a proven leader and has been Chief of Westland Police Department since 1992. Although faced with an everincreasing population and limited manpower, Emery Price has effectively led the Police Department. Emery Price has managed to remain within the departments' budget while updating equipment, bringing in new technology and improving the safety and working conditions for all employees. Emery Price is a firm, but fair administrator who is extremely ethical in his personal and professional life.

Of the five city unions, Emery Price has the backing of three while one remains neutral, and the last backs Ciciirelli. This clearly shows the majority of Westland city employees are backing Emery Price for Mayor. This is due to his proven leadership ability as an administrator, not as a politician.

Westland Police Officers support Emery Price for Mayor because of his strong commitment to making Westland a better place for everyone.

Thank You,

Westland Police officers Association

## SOUND OFF EXTRA

### Egads! Another vacant house campaign sign sighting in Westland

In last week's Sound Off, someone called in to say that Mr. [tape unintelligible] had a sign in front of a vacant lot. Well, Mr. LeBlanc has signs on Pardo Street in front of a vacant house.

### Why former mayor fixed up his building downtown

Too bad Ken Warfield had to be embarrassed to fix his dilapidated building, which looks like a remnant from World War II. Seems like he's finally getting on the stick by fixing that dump up. Councilman Al Haidous suggested that maybe Warfield didn't have the money to fix it up. Jeez, I don't why. When he sold his condo on River's Edge, he got almost \$190,000. What did the money go? Did he spend it losing the last election?

### Council President Sandra Cicirelli appears on WLND

I see that Sandy Cicirelli is back on Channel 12 programs. It must be primary time again in Westland. Usually, we see the mayor: This is a switch.

### Do Wayne administrators censor city council meeting rebroadcasts?

I'm a citizen of Wayne who has lived here 30 years. I want you to know that I think that the administration did erase Mr. Warfield threatening Mr. Johnson to leave the podium or else Warfield would call the police to remove him. Definitely this tape has been changed [the caller thinks], and the city better watch out if they want to tape the meetings so we can get accurate information from

our city council meetings. It's a disgrace for the city not to acknowledge that they erased it. I was at that meeting. I talked to others who were in the audience, and they all agree that it was erased.

**\$70,000 a year is a lot of taxpayer money for a volunteer**

I'm calling in regard to the Wayne City Council election. I want to say that I read an article in the local newspaper about one of the candidates volunteering her time for Meals on Wheels. That candidate did not volunteer her time. She works for Wayne County. She makes \$70,000. So her time is not volunteered. The taxpayers paid for it. She works for Ed McNamara, making \$70,000 a year, when many senior citizens don't make \$5,000 a year. I imagine that the readers don't believe all that garbage.

What's a euphemism? I read in Sound Off about how a candidate owns a junkyard but calls himself a recycler, a euphemism for junkyard owner. (Euphemism: Substituting a mild, indirect, or vague term for one considered harsh, blunt, or offensive.) I'd prefer to learn more about candidates than about big words.

I also want to elect LeBlanc for mayor, Brazier and Gracin and Graunstadt and Kehrer for council.

Why aren't the other people listed on the paper ballot? I thought Godbout was the only one who didn't need to get elected? Whatever. Please vote anyway on Sept. 11.

**Caller would rather know candidates than learn grand words**

I just had to comment on the Sound Off that claims Richard LeBlanc promised to support certain candidates for council in yet another edition of "Conspiracy Theory."

This caller must have just fallen off the turnip truck today to make such an idiotic accusation. Whoever wrote it must not be familiar with the various candidates to say such an asinine thing.

### Caller challenges Debbie Hessler-Davis's credibility

It seems that there is another battle out there in Westland politics. Much has been made about Ms. Davis' questions at council meetings.

Ms. Davis has brought forward some useful information in her questions, such as the use of city vehicles and the lack of tracking the usage stands out in my mind. She was not the only one who has been complaining, some for many years, just not as loudly.

Outside of that, and tracking the gasoline usage, I am trying to figure out what her point is. What is she using the information for? What is she doing to bring about a change? It also seems that her loyalties drift with the tides.

Once an avid supporter of Dorothy Smith to the point of protesting Mr. Eadeh's appointment to the council, she seems to have suddenly changed her mind and offers no support to Mrs. Smith's campaign. [Mrs. Davis recently praised Mrs. Smith to us — Ed.]

Ms. Davis was once very involved with the recall, yet now she wastes no time slamming many of the key people who put their necks on the line during the recall movement.

I personally can't give any credibility to a person whose principles seem to follow a whim. Just because someone asks three relevant questions out of a hundred pointless ones does not mean that the person is credible.

**Pickering questioned about serving out another council term**

Mr. Pickering, it sure is interesting that you are running for a council seat again. You were elected to that seat and you determined that you were too busy to complete your term. That is how we got David Cox.

We all know what happened then: the whole city went to hell. What assurances do the citizens have that you won't do the same thing and we wind up with David Cox again. Or maybe that's the plan!

### When people ask the same questions at council, it's annoying!

I don't understand why people must feel that they need to repeat certain questions or issues at the Westland City Council meetings. It's one thing to have something repeated if you didn't hear it correctly the first time, but when people ask the same question over and over and over, it's annoying.

The whole issue with the light ordinance was just simply ridiculed. A countless number of times the same question was answered, explaining how and why some light beams were to be measured. I understood it the first time, but maybe if some of those citizens would clean the wax out of their ears, they would understand it. But that solution may not work either because they never stick around to hear what the people have to say.

Also, if the same citizens did their homework, like mentioned before, a lot of time wouldn't be wasted.

I believe the copies of the vouchers are available a good amount of time before council meetings. I advise those citizens do their homework, particularly Ms. Hessler-Davis. I think if she brought her concerns to the right people before the council meeting, she would save many people time and save them from her "college graduate" stupidity.

### LeBlanc right not to follow other candidates down pathway

Mr LeBlanc is handling his election as a class act. When you look at all the lots on the major roads being covered with signs from the other people, it makes you wonder how much they care about how Westland looks.

If people living in a house won't put up a sign, that's one thing. When the stores and empty lots have signs, that's another thing.

I think Mr LeBlanc is doing the right thing by not following the others down an ugly pathway. I will vote for Mr LeBlanc.

### Where will Westland get money to pay officials' pensions?

If Cicirelli gets the mayor job, how much pension will she get? If Chief Price is elected how much pension will he get?

Then there's Chuck Pickering. He stepped down from the council and has his retirement from being the mayor and the council, how much more will he get in pension

if elected again?

I'm just curious as to where all this retirement money is coming from.

**Warning! We rebut attempted libel against Westland candidates**

It's pretty clear to me that Councilman [name withheld for libel] is prejudice toward blacks [Untrue! — Ed.].

When Mayor Thomas offered to hire a firefighter in the new budget, the councilman said "No, I'm not in favor of it." I know, because I was there at the budget

meeting [False. The Westland City Council favored funding another firefighter — Ed.]

Now he knows the south end fire station doesn't have enough firefighters and that the south end is where most of our black residents live.

I also noticed that Councilman [second name withheld for second attempted libel] turned down the hiring of that firefighter. He is just as bad! [Third libel and outright lie deleted. Unfortunately, lying race-baiters are out campaigning in Westland — Ed.]

#### Caller complains that drivers are given a green on red lights

Recently, while driving through Livonia, I noticed a lot of police cars on Farmington Road and the I-96 overpass. They were ticketing drivers for going through yellow and red lights.

I bet Livonia police cleaned up today in Livonia. Lots of revenue.

Then as I sat at the light at Warren and Wayne roads, I counted four cars going through the red light. Where are the Westland police? Chief Price needs to go to Livonia for a day to learn how to stop the people going through red

lights. [Westland patrolmen often work overtime, usually with Michigan State Police funding, to crack-down on traffic violations — Ed.]

I challenge anyone to stand on the corner and watch how many people go through red lights when making a left-hand turn. Warren and Wayne roads, Ford and Wayne roads, Newburg and Warren roads, Wayne and Hunter roads. Everyone is going through red lights. It is not okay to turn left on a red light.

But then again, I must remind myself this is Westland and an election year, and Chief Price is running for mayor. But if he can't run the police station, what makes him think he is mayor material?

The Price supporters don't know that they can't have their signs in a right of way, but with no ordinance enforcer, then — oh, well — trash the city.

## Incredible: Inkster's girls' hoops win streak at 22

By TOM MOORADIAN  
MCN Staff Writer

If it isn't the longest, Inkster's 22-game basketball winning streak has to be one of the longest winning streaks in the State of Michigan.

With two relatively easy victories and the tournament title in their possession, Inkster High and Coach Dave Mann now have in their hands a 22-game girls' basketball winning streak.

The Vikings, led by Carena Easley, Khadigrian Murphy,

Lavlah Quawee and Brittany Evans turned back host, Our Lady of the Lakes, 69-43, in the championship round for No. 22.

In the first round, the Vikings ran up against a determined Pontiac Northern quintet and managed to win 66-40.

It was a good way to start the season, says Mann, who begins his second year as head coach at Inkster High.

"It was a good tournament and I thanked the coach (at Our Lady of the Lakes) for inviting us," said Mann afterwards.

Charles Shires, Our Lady of the Lakes coach, played the role of the perfect host, allowing the Vikings to escape with the championship. They couldn't do much about it, anyway, as Inkster, behind Easley's seven points and an equal output by Quawee, jumped out in front of a 22-15 lead first-period lead and didn't look back.

Inkster never trailed as the Vikings built up a 41-27 advantage at halftime that allowed Mann to substitute indiscriminately throughout most of the second half. Inkster outscored their hosts

14-8 in the third and fourth periods.

Murphy wound up with 18 points, the game's high, while Easley also scored in double figures. She had 15. Evans contributed 11, while all seven of Quawee's points came in the opening frame.

Inkster canned 13 of 20 from the free throw line; Our Lady of the Lakes made 18 of 28.

"We played the right style and forced our opponents to play our game," said Mann afterwards. "Obviously, it was a good way to

start a season."

Inkster also led wire-to-wire against Northern in the 66-40 opening round victory. Up 18-8 after one, the Vikings kept the lead at the half, 28-16, but Northern, behind Charlese Greer and Jennifer Herring, refused to quit. Northern kept the outcome of the game in suspense until the final eight minutes.

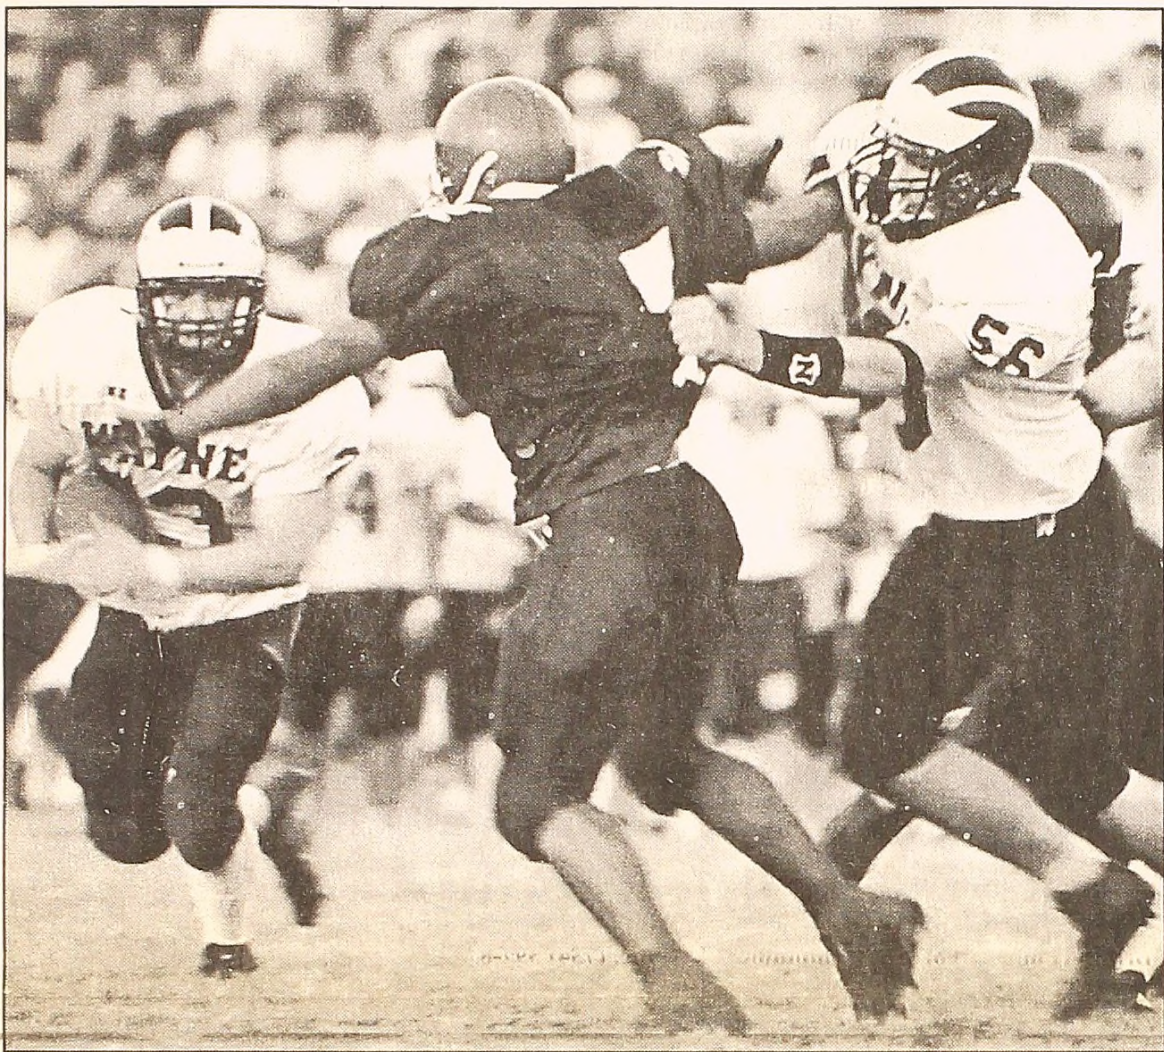

Each team scored 11 in the third period, but Inkster broke it open early in the fourth with a 11-point run and a 27-13 finale.

Quawee led all scorers with 21

points, while Keisha Young added 16 of which 14 were scored in the pivotal fourth quarter. Murphy accounted for 14 for the Vikings who made nine of 18 at the free throw line.

Pontiac Northern received 14 points apiece from Greer and Herring.

The Vikings are back in action tonight (Thursday) at Sterling Heights Stevenson and have a rare Saturday afternoon game at 1 p.m. on the home pine when they entertain Farmington Hills Harri-

There was good news for Wayne and bad news for Romulus this week. Romulus's 20-14 opening-day victory over Wayne was reversed and handed over to Wayne because the Eagles apparently used an ineligible player. The Michigan High School Athletic Association is waiting for the "paper work" to make a final decision on what penalties the high school may pay, if any, for the infraction of MHSAA rules. ## Wayne is embarrassed by Dearborn in 'White' opener

Any Wayne Memorial dream of building upon the momentum of receiving a victory after a loss was quickly laid to rest by Dearborn Friday night. The visiting Pioneers crushed Wayne, 49-0, in the Mega-White opener for both schools.

It was the most humiliating defeat in his more than three decades of coaching for a Floyd Carter coached football team.

"Not since Farmington Hills Harrison beat a team of mine at Crestwood (Dearborn Heights) in the post-season have I ever lost a game by such a wide margin," said Carter. "This is a humiliating defeat for me and my team."

Earlier in the week, Wayne Memorial Athletic Director Bill Hawley was notified that Romulus would forfeit their victory over Wayne because Romulus had apparently used an ineligible player in the season opener.

"I was told by the administration that they (Romulus) have informed the MHSAA about the infraction," Carter continued. "I contacted Hampton (Nate Hampton, MHSAA official) and he told me that the MHSAA has not received an official notifica-

*"Nothing went right for us, but, let me say this - our team will be back."*

Coach Carter

tion, the paper work, from Romulus and when they do they will respond."

In the meantime, Carter will go back to the drawing boards to look for solutions to his team's problems, a complete and total breakdown against the Pioneers.

Wayne again helped in its own demise as the Zebras dug themselves in a hole early against the visiting Pioneers. With 5:29 on the clock in the first period, Dearborn's Steve Lozon recovered a Wayne fumble in the end zone for the first TD. Kyle Manduch booted the extra point to lift the Pioneers into a 7-0 lead.

Then, with 2:14 remaining in the quarter, the Pioneers came back and scored again. This

time Dearborn's Paul Creely blocked a Wayne punt and the visitors recovered on the Wayne 22. Four plays later, Creely again scored, from eight-yards out.

With their third TD of the game - 10-yard run by Brad Burke in the second quarter which capped a short four-play 17-yard series, the Pioneers had a 21-0 lead which Wayne failed to challenge.

"Nothing went right for us," Carter said. "But, let me say this - our team will be back. I have told them that the future is now. We have to be ready mentally and physically prepared to play."

On the positive side, Wayne's Jimmy Brucker continued to shine on defense. He was credited with four initial hits and four assists to lead the Zebras. Teammate Eric Lang came up with four solos and three assists and Michael Rashad accounted for four solos and two assists.

For what it's worth, Dearborn also dominated the stat sheet. The Pioneers picked up 16 first downs to Wayne's 2 and ran off 50 offensive plays as compared to the Zebras 32.

Wayne completed only four of 10 passes.

## After loss to Northville, Glenn is in do-or-die game

By TOM MOORADIAN  
MCN Staff Writer

After a shocking loss at the hands of Northville Friday night, Westland John Glenn is faced with a do-or-die football game at Livonia Stevenson tomorrow night.

Even though the loss to Northville "didn't count" in the conference standings, the pending showdown between the Stevenson's Spartans and John Glenn's Rockets is crucial, according to Glenn coach Chuck Gordon.

"It's a huge test for us," Gordon admits, during a Sunday evening interview. "Coming off of a very difficult loss (to Northville), we have to come back and win this one."

Stevenson is an improved ball club and comes into the Western Lakes Conference, Lakes Division opener with a 1-1 record. The Spartans dropped their opener to an outstanding Dearborn team, but defeated cross town rival, Livonia Franklin, last week.

"They have an excellent passing game which will test our secondary," noted Gordon.

Two key turnovers proved fatal for Glenn against Northville. The

*"It's a huge test for us, coming off of a very difficult loss (to Northville), we have to come back and win this one."*

Chuck Gordon

Rockets fumbled on their own goal line, and they also had a punt blocked deep in their territory, which set up a Northville touchdown.

Northville broke a scoreless first quarter by capitalizing on the blocked punt to take a 7-0 lead at half. The Mustangs came back and scored midway in the third quarter to go up 13-0 for three quarters.

The Westlanders managed to avoid the shutout late in the fourth quarter when junior quarterback Brian Ceckiewicz combined with receiver Andrew Peif-

fer on a six-yard touchdown pass with 3:43 left in the game.

Peiffer also kicked the extra point.

Glenn's offense was not a factor in this game. However, running back Tony Davis managed to rush for 86 yards on 21 carries. But Northville managed to keep Davis, who had three TDs in the opening game victory over Detroit Kettering, out of the end zone.

Ceckiewicz also managed to connect on 10 of 24 passes for an additional 133 yards. He looked good in that final drive when he completed five of six tosses and the TD.

Five of Ceckiewicz's completions were to Peiffer.

On defense, Brand Ajlouny stood out as he blocked an extra point attempt.

"Northville is an excellent team and is well-coached," stressed Gordon. "We need to regroup and eliminate our mistakes."

The kickoff against the Spartans is at 7:30 p.m. A loss to Stevenson would diminish the Rockets' chances of making it into the conference and post-season playoffs.

## Monroe shows Romulus why they're best in 'Red'

By TOM MOORADIAN  
MCN Staff Writer

It just doesn't appear to be Coach Wade Cook or the Romulus' Eagles year.

After they were forced to hand over their hard-earned victory against Wayne Memorial because of an apparent use of an ineligible player, Romulus dropped a 35-14 decision to Monroe in the Mega Conference, Red Division opener, before the home crowd Friday night.

They enter Friday's game against Allen Park with a 0-2 overall record.

The Eagles had a 7-0 lead early in the game against the pre-season title favorite, Monroe, but the Trojans erased their advantage and went up 14-7 after one. The Eagles tied the game at 14 in the third quarter before Monroe blew them into the deep well with a 21-0 final period.

"They (Monroe) just wore us down," said Cook, who is in his sophomore year as head coach. "Monroe has an exceptional team this year, but we just couldn't match them in that last quarter."

It won't get any easier for the Eagles this week. They run up against a 2-0 Allen Park team that also is making its debut in the top tier (Red Division) of the Mega. The Jaguars' credentials include victories over Southgate Anderson and Ypsilanti.

"They have a quarterback over there who can really put that ball into the air," Cook noted. "Obviously, we have to be ready for their aerial assault. Our defense will be tested."

The Romulus defense flunked the big test against Monroe.

Romulus got the first break against the Trojans, a team that coaches pick to win the Mega-Red championship this year. Steve Moore's kickoff to Monroe was fumbled by the Trojan receiver and recovered at the Monroe 42 by Derrick Robinson, who set up the first TD drive.

In three plays, senior running back Charles Searcy, converted to a quarterback, got his Eagles on the scoreboard. He completed a 35-yard strike to split end Anson Long and Moore's boot for the point-after lifted the Eagles to a quick 7-0 lead.

But the visitors came back for two touchdowns and took command of the game. The two teams separated at half with the visitors up, 14-7. When they came back to the field, it was Romulus that struck pay dirt first.

A perfectly-executed pass play by Searcy to Long that covered 75 yards gave the hosts their second score of the evening. With Moore's second PAT the game was knotted at 14.

But that's the best the three-time Mega Conference Gold and White Divisions champs could do. Monroe exploded for three TDs in the last quarter to hand the Eagles their second consecutive setback of the campaign.

Searcy, better know for his running ability, managed to hit on 10 of 32 passes and two touchdowns. Harbor rushed for 54 yards on nine attempts. He also stood out on defense where he picked up 18 solo tackles from his middle linebacker's post.

Strong safety Keith LaCroix also had a commendable game against the Trojans. He came up with seven solos, a sack and broke up at least three passing plays.

## Canton is on a roll, wins big again over North

By TOM MOORADIAN  
MCN Staff Writer

With their second big win of the football season, Plymouth-Canton has set a message that it remains a power to be reckoned with in the Western Lakes Conference.

Coach Tom Baechler and the Chiefs dispatched North Farmington into the loss column, 42-0,

without any problems, after they easily handled Ypsilanti (37-6) in their season's opener.

But No. 3 for the Chiefs will have to come at the expense of a well-entrenched Northville which is coming off of a big victory over a highly-touted Westland John Glenn ball club.

Canton and Northville meet Friday night at Northville in a Western Lakes, Western Division

showdown. Both teams are playing an untarnished 2-0 record on the block. Harrison, the No. 1 ranked team in the state and the defending conference champ, will have an opportunity to watch the two title hopefuls from the sidelines.

In their first four possessions against North, Canton managed to tilt the scoreboard and built up a 28-0 advantage and they did it

with little less than 10 minutes remaining in the second quarter.

The North wind played havoc on North punters. Three of their punts fell inside their own 20 yard line which set up scores for the Chiefs.

Seniors Dane Kobus and Chad Fuller accounted for early touchdowns. Kobus galloped six and 10 yards into the North end zone for his pair of TDs, while Fuller raced

around end from the three for his score.

The fourth Canton TD came off of a 10-yard strike by Brendan Murphy to Chris Smilo.

It got worst for North as the strong winds hurt their kicking game.

Canton's Kyle Lasko came up with an interception that provided the Chiefs with a TD.

Baechler, in his fourth year as

head coach and zeroing in on what could become his best season as head coach at Canton, emptied the bench for most of the second half, something he isn't expected to do against the Mustangs of Northville.

Canton also received an outstanding overall performance from its defense which held North to a total of 71 yards.

CHARTER TOWNSHIP  
OF VAN BUREN  
SPECIAL BOARD MEETING MINUTES  
AUGUST 28, 2001

Supervisor King called the meeting to order at 7:03 p.m. in the Board Room Present: King, Payne, Budd, Hart, Herman, Jahr and Rochowiak. Absent and excused: None. Others in attendance: Executive Assistant Ireland, Secretary Cline and an audience of eleven (11).

Supervisor King explained the process the Township Board has undertaken to get to these final candidates. The Board approved the job description for Public Safety Director then commenced a search for locating a suitable person by advertising in the following publications and websites: the Michigan Townships Association, the Michigan Municipal League, the Michigan Chiefs of Police Organization, the *Detroit Free Press* and on the Township's website. Thirty resumes were submitted to the Township Supervisor for consideration. The Board created and approved a Public Safety Director Interview Committee for the purpose of screening the resumes and creating a short list of candidates to be interviewed. The Interview Committee was comprised of Trustee Rochowiak, Charles Covington, Diane Tilson, Marvin "Chip" Snider and Supervisor King. The committee met on July 18th to review the resumes and seven candidates were chosen for interviews. The interviews were held in a public forum on August 1st. When the interviews were concluded the Committee recessed to compile scores of the candidates and arrived at a list of three candidates for further assessment by the Township Board. The three candidates were Michael Sturm, Douglas Smith and Christopher Elg. The Township Board then approved a contract with Fifer Investigations, L.L.C. to perform background investigations on each of the finalists. Supervisor King subsequently was contacted by Douglas Smith who requested to draw from the process as he had accepted another position. Thus, the remaining two candidates will be interviewed.

Supervisor King stated each candidate will be asked a series of twelve questions with the Township Board ranking their responses on a scale from one to five, with one being a very poor rating and five being a very high rating. No ratings of less than one or more than five will be allowed for any one answer. The Board may ask follow-up questions if necessary. No member of the audience will be permitted to ask questions of the candidates. However, each member of the media present will be permitted to ask one question each with the question being posed to both candidates. Each interview is not to exceed one hour in length, and upon concluding the first interview, the Board will recess for fifteen minutes and reconvene. to conduct the second interview. Upon completion of the second interview both candidates will answer the media's written questions, read by the Supervisor. Both candidates were asked to stay after the adjournment of the meeting to answer informal questions from the Board and audience. The Township Board may arrive at a decision tonight or may choose to wait until the September 4th Regular Board Meeting to announce the selected individual with whom to enter into employment contract negotiations. She further stated a coin toss was done prior to the start of the meeting to decide the order of the interviews, Mr. Elg won the toss and offered to be the first candidate to be interviewed.

Supervisor King introduced both of the candidates, Michael Sturm and Christopher Elg to the audience. Mr. Sturm was then escorted to the Denton conference room. prior to interviewing Mr. Eig.

A complete list of the questions follows the minutes\*. In addition, Supervisor King asked each candidate if the salary requirements advertised were acceptable.

The Special Board Meeting was recessed at 7:50 p.m. and reconvened at 8:07 p.m

Michael Sturm was the second candidate interviewed and at the conclusion of his interview, Christopher Elg returned to the Board Room. Supervisor King then read the two media questions, one pertaining to youth and youth services/programs and the second regarding department ethics and morals to both of the candidates. The media questions also follow the minutes.

Supervisor King thanked both candidates for coming.

**ADJOURNMENT:** Jahr moved, Payne seconded to adjourn at 8:52 p.m. Carried.

Respectfully submitted,

5. How will you include the community into the Department's strategic planning process?
6. If a small number of sworn members of the police department came together and voted "no confidence" in your management, what would you do?

**Trustee Jeff Jahr's questions:**

7. Tell us about a managerial error you made while in command. Why did you make this error and what did you learn from this experience? Did you ever make this error again? (Repeat the question, if necessary.)
8. We all learn our skills and abilities in a number of ways, often by education, training and experience. One significant way is by role models. It is not unusual, for us to go back to a role model when we are stuck as to how to solve a problem. Tell us one role model you have learned from and what you admire in this role model.

**Clerk Joannie Payne's questions:**

9. What is your greatest concern about taking this position as our Director of Public Safety?
10. What will the department climate be after one year if you are successful? Please describe it for us.

**Trustee Phil Hart's questions:**

11. What is the greatest strength you have been able to detect so far in our community that will be a plus during your administration?
12. When you have completed your work with us, what would you like the plaque that we give you to read?

# Winless in 2 starts Robichaud seeks to snap losing streak

Winless in their first two outings, Robichaud will open the Mega Conference, Gold Division phase of the 2001 high school football season at home Friday against Highland Park.

And Robichaud Coach Mark Medlock says he is looking for the Bulldogs to snap out of their doldrums.

"We are hurting ourselves with our turnovers," stressed Medlock, after the Bulldogs dropped a 33-18 decision to Redford Union in a Mega Conference crossover on Friday. "Highland Park is a much

improved team over a year ago, and they have some skilled players who can hurt you.

"If we don't eliminate our mistakes, we will continue to have problems. But I believe our kids can do it."

Redford Union managed to score two touchdowns in less than four minutes to grab a 12-0 lead in the first quarter. Robichaud committed three penalties in their opening drive and for the game they had five infractions for a total of 60 yards.

"You aren't going to win many

games if you continue to hand the ball over to our opponents like we have in our first two games," said Medlock.

Robichaud got on the scoreboard in the second quarter when quarterback Joe Claybron found end Marcus Johnson open and hit him on a pass that wound up a 65-yard TD.

Trailing 18-6 at halftime, the Bulldogs didn't get on the scoreboard again until the fourth quarter when Claybron again hooked up with split end Robbie Cross on a seven-yard TD pass that culmi-

nated a 55-yard drive.

In the closing minutes of the game, Claybron managed to sneak into the end zone from three-yards out for the final TD.

Cross, who stood out on defense, picked off an R.U. pass, that stopped a TD drive. Also, Johnson, a middle linebacker, accounted for eight solo tackles and Ken Walker had six.

"We can't continue to come out flat," said Medlock. "We dig ourselves in a hole, then try to get out. It just isn't going to happen."

# Lincoln Park spoils Romulus coach's debut Eagles fall in opener

Lincoln Park outscored Romulus 16-6 in the second period and went on to post a 47-37 Mega Conference crossover basketball victory over Romulus Thursday that spoiled Eagles' coach Rhonda McAllister's debut as head coach.

Tied at nine-all after the first period, the Railsplitters received balanced scoring and the rebounding from 6-1 center Darlene Kraepel to break loose in the second period from the Eagles.

"It was a good learning experience for us," said McAllister commenting after the game on her first loss. "It was also good to get that first game under our belts."

McAllister said that her team shot poorly from the field which helped in its demise.

"We hit on only 29 percent of our shots from the field," McAllister said. "We obviously have to improve if we're going to win."

Romulus managed to stay within reach in the second half thanks to the all-around efforts of Patrice Beasley, a 5-5 point guard who had six of her game high 19 points in the third period to carry the Eagles within two-points of erasing their earlier deficit.

Trailing 30-28, Romulus was not able to score the tying or go-ahead basket.

Along with Beasley, Tiffany Ash also hit in double figures. She sank

12 points.

McAllister also received a commendable game from 5-9 center Alicia Harbor who swept the boards for nine rebounds. Harbor was forced to the sidelines early in the conflict when she suffered an ankle injury but she managed to later return to the game.

Along with her 10 rebounds, Kraepel also gave the visiting Railsplitters nine points.

Romulus will take on Dearborn Edsel Ford tonight (Thursday) at home.

McAllister said she doesn't know much about the T-Birds, but "I know they have a lot of returning letter winners, and I expect them to be tough."

## Wayne off to 0-2 start

It was a tournament that Coach Wayne Woodard and Wayne Memorial would probably like to forget.

The Zebras opened up last week at the Riverview Girls Basketball Invitational where they fell to Trenton in the opening round, 55-16, and to Riverview in the consolation round, 62-24.

"I expected more but didn't see it, and am disappointed with our team's overall performances," said Woodard after the tournament. "I guess I expected more from this team."

Woodard said that the team would have to put in overtime to

correct its mistakes.

"We got talent on this team and our players are not afraid of hard work," Woodard continued. "What we need to do is to eliminate the mistakes in order to be competitive."

Wayne scored in single digits in all four periods against Trenton. Trenton had a 15-5 lead after the first period, held Wayne to two points in each of the next quarters to go up 28-7 and 49-9 before posting the 55-16 rout.

No Wayne players managed to score in double figures.

Riverview exploded to a 29-8 halftime lead before the Pirates coasted to a 62-24 victory.

In the consolation round, Renita Price, a sophomore, led Wayne with 10 points.

It doesn't get any easier for Wayne as they were scheduled to meet Monroe on Tuesday, then take on the three-time Mega Red defending champ, Belleville, on Thursday.

"Our first six games are against teams that are title contenders," said Woodard. "We need to get ready in a hurry."

# Ypsi Lincoln turns back Robichaud

With All-Conference forward Mary Riley sidelined with a knee injury, Robichaud and Coach Warren Woods opened the 2001 basketball campaign at Ypsilanti Lincoln.

Lincoln, behind Jill Bargardi's 19 points, handed the Bulldogs a 49-31 setback.

"I thought we played well for an opener," said Woods, who is entering his third year as head coach. "We had the usual opening day jitters, but I feel with a couple of more games under our belts, we should be all-right."

Coach Woods said that he expects to have Riley back in the line-up in late September.

"She's one of our leading scorers. A natural leader on the floor," said Woods.

Robichaud trailed by one, 8-7, after the first period but fell behind 21-12 at the half after Lincoln's Bargardi connected on back-to-back baskets.

The Bulldogs closed within eight, 34-26, but couldn't make up the difference in the final period.

Bargardi wound up as the top scorer as she tossed in 19 points.

Robichaud has only one player in double figures. Dinita Fizer, a senior forward, finished with 14.

The Bulldogs will be back in action Thursday night in Detroit. They'll participate in the Superintendent's Classic and drew Detroit Renaissance in the first round.

Woods has seven players returning from last year's squad who can form the nucleus of a winning team. Along with Murphy and Fizer, he has 5-4 guard Lauren Trammell, 5-8 forward-guard Samantha Allen, Ladonna Nealy, a 6-2 center, and Tiffany Nelson, a 5-9 junior who is at one of the forward spots.

The Bulldogs also have available 5-9 Tiffany Nelson, a 5-9 junior forward and Sharon McGee, a 5-10 junior center.

# Twisters return home after 1st loss

After seeing their four-game losing streak snapped last week and recuperating over the Labor Day weekend from their first setback in the Lake Shore Conference semi-pro football league, the Twisters will return home on Saturday to take on the Grizzlies of Toledo, Ohio.

Manager J. Glenn Brothers said that the game is a big one for his ball club "because we can't afford another loss.

"In fact, we haven't dropped two games in a row since we joined this league," Brothers said.

The Central Ohio Lions handed the Twisters their first loss last week. The Lions apparently were not impressed with the Twisters' four previous victories and handed them their first loss of the 2201 campaign, 22-15.

"They brought us down to earth," said Brothers after the im-

age-shattering setback. "We were flying high, but the past doesn't mean anything. It's the game you're in that counts."

Both the Twisters and the Central Ohio Lions were undefeated going into the showdown for the top of the standings.

Brothers pointed out that the loss also "ended the Twisters' 14 consecutive victory string during the regular season. But the loss doesn't affect the divisional standings - we still are in first place."

If the Twisters rebound and should capture their divisional title it could set up a possible rematch with the Lions in the post-season playoffs.

In the game that pitted the two undefeated teams, the Twisters found themselves under pressure by a determined Lions' defense. Twister quarterback Rob Elswick was under constant assault and he

was forced out of the pocket throughout the game.

Not in sync with his receivers, Elswick was picked off and was sacked twice.

The Twister QB managed to complete atypically 9 of 31 of his passes for a total of 125 yards. One of the nine Elswick passes ended in a touchdown.

"But the stats don't really tell the story," Brothers pointed out. "He was on target with many of his passes, easy catches, but they were unfortunately dropped."

"In addition, the line (offense) was reshuffled because of injuries to our starters."

The Lions built up a 14-0 lead at halftime, but the Twisters came back on Elswick's 22-yard TD strike to receiver Reggie Brandon. The Twisters made it a 14-12 game when running back Jason Gibson slipped through the Lions' line

and raced 32-yards for a touchdown.

The Twisters managed to take a brief 15-14 lead when kicker Chuck Petittas booted a 22-yard field goal.

The Lions answered with an 82-yard punt return to the Twisters' end zone.

The Twisters had the Labor Day weekend off to discuss their first loss of the 2001 campaign.

On Sept. 8, they'll return to action on the home field at Willow Run (Devlin Stadium) to take on another powerhouse, the Glass City Grizzlies, a team based in Toledo.

The gates will open at 6 p.m. and the game starts at 7 p.m.

Tickets are \$5 for adults; \$2 for students and seniors, 60 and over.

# Legends' camp gets bigger, better

The Legends' Basketball Camp is getting bigger and better with each passing year.

Recently some 200 local and area youngsters participated in the camp organized by director Fred Smiley, in cooperation with a slew of former basketball stars.

The camp's goal is not only to enhance the campers' basketball skills but to provide them with role models who have made themselves heroes with their work ethics.

Among those who participated in the camp include All-Americans, stars that are presently with the Harlem Globetrotters and former NBA stars such as Barry Hardy, Victor Diehl, Rich Walker, Woodell Payne, Eartha Faust, Jason Malloy, Warren Woods, Bill Kilgore, Kinsteu Kilgore, and Elaine Ingram.

Also assisting in the success of the program were Bishop Borgess' Clyde Claxton, Inkster High's Julius Martin and Darius Kincannon.

"We stress the importance of

Some of the faces of the campers who participated in the 2001 Legends hoops camp this year.

education," said Smiley, who has been the architect of the camp. "Without education, as we all know, you don't stand a chance in our competitive society."

"And what better way to learn about competition than from the game of basketball?" the former All-American hoops star from Northwood University added.

Popular radio and TV personality George Blaha spoke to the campers as did former Michigan

State University star, Mike Robinson.

Robinson told the future high school and collegiate stars that athletics are only one way to receive scholarships - academics and scholastic achievement is another.

The Legends have had as many as 250 youngsters turn out for the camp, and there is no limit to what it may accomplish in the future, says Smiley.

"This definitely is one of the premier camps in the area," Smiley stressed. "We provide everything free to the kids, including t-shirts, trophies, food and also other prizes."

Smiley said he would like to thank everyone involved in the program including the Legends' staff: Margaret Williams, Charles Stephans, Addie Faulk, Walter Johnson and Jenell Kilgore, and (Chet) Terry, the man at the grill.

# Harrison shows no mercy to Salem

Showing little mercy and taking no prisoners, the No. 1 team in the state, Farmington Hills Harrison, crushed Plymouth-Salem, 56-13, in a Western Lakes Conference crossover football game Friday night.

The Hawks (2-0) led 50-6 at half-time. There was no question about the outcome of the game.

"They just have a phenomenal squad this year," said Salem's Bob Cummings. "There isn't much to say - or write about - when you're beaten by such a wide margin."

Cummings, who replaced Tom Moshimer as head coach, said he was disappointed, "but not at the

kids."

"These kids are trying their best, and you can never criticize anyone for doing that. We're going to win our share of games before this is all over with - believe me we are."

The Rocks could start turning things around this week. They will entertain North Farmington Friday at 7:30 p.m., and North also has failed to break into the winning column after two games.

Cummings pointed out that North Farmington is also in the rebuilding mode, and "this (North) team likes to pass."

"We'll match up with them bet-

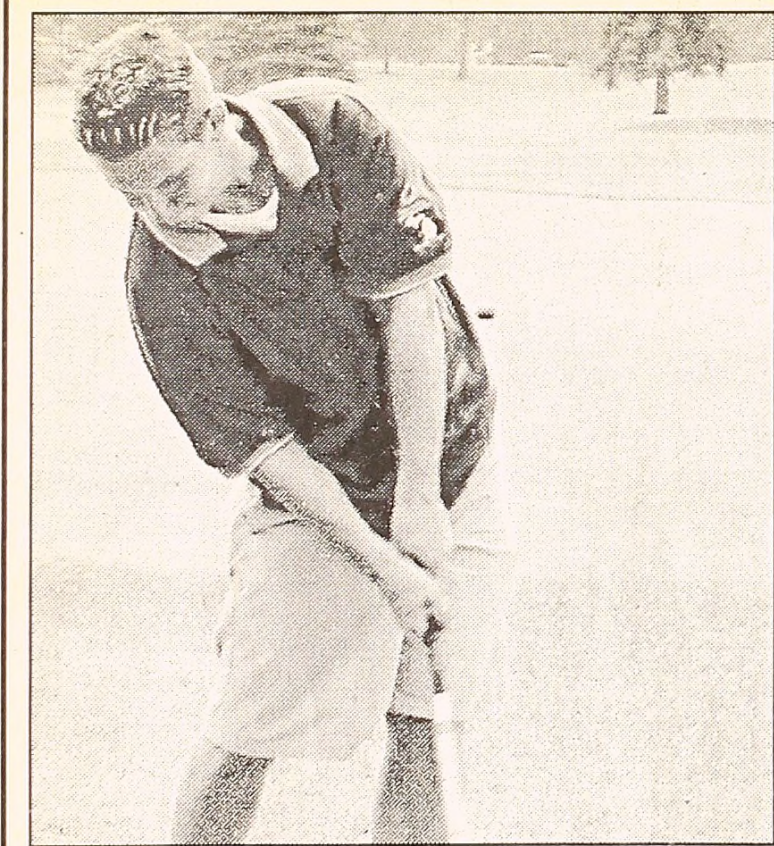

ter than we did with our first two opponents," said Cummings. "And because of the equal match-ups, I see a hard-fought game ahead."

Against Harrison, Salem did receive a stellar effort out of running back Myron Covington, who scored both of the Rocks' touchdowns. Covington crashed over the Harrison line from the one-yard line for Salem's first TD late

in the second period. His TD culminated a 56-yard drive engineered by quarterback Scott Hewitt.

Hewitt also put together a 11-play, 55-yard drive in the third quarter that was capped by Covington's off-tackle, four-yard TD run.

Drew Bringley kicked the extra point.

Dru Girard putts to the Red Tour title at Fox Hills.
